TRADITION VERSUS TRUTH.

THE REV. LIVINGSTON JOHNSON PREACHES ON THIS SUBJECT.

A Notable Sermon Suggested by the Discussion of Creeds—Other Services Yesterday.

Rev. Livingston Johnson, pastor of the West Washington Street Baptist church, yesterday morning preached a sermon, which, while not on the subject which is now agitating the Presbyterian church, was evidently suggested by by this discussion. His subject was "Tradition and Truth," based upon the passage from Mark 7: 8, "In laying aside the commandment of God, ye hold the tradition of men."

The sermon was exceedingly interesting throughout, and showed its author to be an independent thinker ready to express his conscientious convictions Beginning with the statement that "tradition is of men, truth of God," and that consequently tradition—that which is handed down from father to son—is often false, he pointed out the inclination of man to substitute the teachings of men, the opinions and creeds of men, for the truth of God. He showed that truth is mysterious and spiritual, while tradition is external and ceremonial. Man is naturally more interested in the external, and his desire to get hold of something tangible makes him readily accept traditions, the formula of other men. Reaching a very forcible climax, the speaker declared that "Man can no more cast into creed or reduce to dogma some on the deep and mysterious doctrines of the Bible than he can incarnate spirit"

This leads men to frequently try to satisfy conscience by the observance of externals, saying "Join the church and observe the ordinances if you would be saved," while the truth says "Open your heart and receive Christ, who is the truth, and then join the church because you are saved." The remainder of the discourse was concerned about the danger of substituting tradition for truth, and the conclusion was stated as follows:

There are some traditions to which we should hold with the tenacity of life, not the "traditions of the elders, but the traditions given to us by God's inspired messengers." Let not opinions of others about God's word, but our own opinions of it, be the test of loyalty to the truth. As much as there is to fear in the "higher criticism", and "advanced thinking," one good that God is going to bring out of it, is to cause men to break loose from human tradition. The point to be guarded is that we do not go beyond, or fall short of divine tradition.

WEST MARKET.

The congregation at West Market Street Church yesterday morning was large and attentive and the sermon preached by Dr. Rowe was, while addressed particularly to the members of his church, applicable to everyone. He chose as his text the latter part of the twenty-eighth chapter of Genesis, and preached a sermon on tithes and tithe-giving. He said in substance that the tithing system was not of Jewish origin, but that it was incorporated into the Jewish religion; that it was in force before there were any Jews The speaker made the point that there was no verse in scripture that said Christ's coming took away or destroyed this system. He said that if the membership of West Market gave one-tenth to the Lord that there would be no debt on the church, that the building would be completed, and that Mr. Bray, who made a statement of the indebtedness of the church immediately preceding the sermon, would not have appeared before them. The sermon was very plain and pointed, and made an impression on those present.

The singing, always good at West Market, was fully up to its usual high standard, and formed a pleasing feature of the services.

ST. BARNABAS.

St Barnabas church probably held its last services in the old location yesterday, as the building is to be removed next month to the lot attached to that on which the rectory is situated on North Elm street. The services were for the second Sunday after Easter, as per the Book of Common Prayer, and the talk was taken by the rector from the first lesson for the day, Hosea, 13: 1, "When Ephraim spake trembling he exalted himself in Israel, but when he offended the Baal he died"—a unique text and well handled, to the effect that Ephraim had absorbed Israel, the ten tribes, and so long as he looked to God he increased and prospered, but when he, being "puffed up," exalted himself, feared not, regarded not God, he died, i. e., ceased to be, as it is to this day, the lost tribes. Which practical lesson on cause and effect we may apply to ourselves by retrospection and introspection For offertory Mr. Bradley rendered in his rich, mellow voice "Rock of Ages," and it was indeed a soulful prayer in song.

FIRST PRESBYTERIAN.

Dr. Egbert Smith's discourse yesterday morning was founded on the text, "What is that in thy hand?" He adhered closely to his text, saying that these words spoken by the Lord served as an answer to all the excuses made by Moses, and that they applied equally as well to the present day; that a business man had wide influence, and that a mother may have nothing beyond one child, but in that child lay vast possibilities for good or evil and on the mother depends the proper training of her child The sermon was well received by the large congregation present, being listened to with marked attention. The musical feature of the evening service was an excellent quartette rendered by Mrs. D. L. Hagan, Mrs. W. C. Porter, Mr. W. M. Ridenhous and Mr. G. A. Rankin.

NOTES ON COMMENCEMENT.

The Good Work of The High Point School—The Visitors.

Correspondence of the Telegram.

High Point, April 30—The young gentlemen and ladies composing the graduating class of the school this year are as an intelligent looking body as ever graced the walls of a High Point institution. They will be heard from in the future.

We not only have one of the handsomest school buildings in the South, but one of the most efficient superintendents and corps of teachers anywhere, which makes the school itself a model to copy after. We point with pride to the superintendent and teachers of the High Point graded school. They are the ones that have made this institution what it is—second to none of the public schools in the State.

May they all enjoy a much needed rest during vacation and when the school bell taps for the opening of the fall term, be found at their post of duty ready to begin work with new zeal and energy.

In closing—Three cheers for the school and its officers.

Miss Stella Scroggs, accompanied by her friend, Miss Pearl Dicks, of Randleman, both students at Greensboro Female College, arrived here Saturday night and will remain over for the commencement exercises.

"Flem" Norman, of Steeds, spent yesterday here.

R. P. Ellis, of Chicago, a popular drummer here is in the city.

J. D. Elliott, of Hickory, was in town Saturday afternoon.

Chas. M. Cutting, of Lexington, was a visitor here yesterday.

R. H Coble and W. A Wilkerson, of Concord, were registered at the Jorrell yesterday.

A. E. Blair came up from Greensboro Sunday morning.

Tonight at 8 o'clock in the M. E church, President Geo. T. Winston, L. L. D., of the Agricultural and Mechanical College of Raleigh, will deliver the annual address before the school. Every one is invited.

Commencement day exercises begins tomorrow morning at 10 o'clock sharp.

Bascom Hoskins who is now at Kinesville is here to attend the commencement.

Marvin Jordan who has been engaged in business at Pinehurst is at home.

Frank Brown who has been doing some painting on the new hotel, Carolina, at Pinehurst, is at home.

A very large crowd assembled at the M. E. Church yesterday morning to hear Rev. C. A. G. Thomas, of Thomasville, who preached the commencement sermon. His subject was "what are you going to do with Jesus," and he handled the same in a flowery way. His discourse was eloquent and clothed in beautiful language. Those present enjoyed his sermon immensely and all will be glad to hear Rev. Mr Thomas again.

J Eugene Thompson came up from Greensboro last night.

Druggist Wm. A King and brother went to Winston yesterday morning to see their mother who is quite sick.

Capt. T. J Redding and daughter, of Carraway, were guests of this city Saturday.

J. R. Ingram, of Star, spent a few hours here Saturday.

Ed. L Rowan, of the revenue force was in town Sunday.

W. E. Holton came over from Mocksville Saturday night and spent Sunday at home.

Miss Annye Tomlinson, of Archdale, is the guests of Miss Stella Scroggs during commencement week.

Jashua H. Slaughter, of Lexington, is in town for a day or so.

Let everybody get ready to attend the mass meeting in the Opera House Thursday night.

This morning at a few minutes past ten o'clock there were exercises at the graded school building in which the graduating class took part. The occasion was a tree planting. The young ladies held the tree while the young men shoveled the dirt around it. It was a sugar maple—quite appropriate, as the young ladies taking part are just as sweet as they can be. After the tree was planted the president of the class—Virgil A. J. Idol—made an interesting talk. Then each one of the class made an appropriate talk in regard to the future of the tree and the class. One said: "As this grows and spreads it branches in the air and its roots in the ground so may each one of this class spread himself or herself into great usefulness and influence in this world" The interesting and beautiful exercises came to a close by all joining in singing one verse of "My Country 'Tis of Thee." Several visitors who were present at the exercises spoke of the same as being one of the prettiest they ever witnessed. About eleven o'clock the assembly marched in a body to the M. E. Church, where the class day exercises are being held at this writing. We cannot go further in today's proceedings as it is now train time. A large number of visitors are in attendance. The weather is beautiful, the crowd in the best of feelings, and one of the best and most enjoyable events of the season is in progress.

Prof L. Johnson died at his home in Trinity last night of grippe He will be buried tomorrow morning at 11 o'clock. The deceased is well known in this community. He was a Christian gentleman, honored and respected by all who knew him and he will be greatly missed by all his friends. Prof. Johnson was the father of our townsman, Mr. June A. Johnson. The bereaved family and relatives have the sympathy of our community in their sad affliction.

Miss Pearl Phillips is visiting Miss Mamie Jordan.

Miss Sallie Lewis, of Greensboro, visited friends here yesterday.—Mr. and Mrs. W. J. Armfield, of Asheboro, were here yesterday.—Messrs. J. A. Hodgin, Walter E. Blair and J. A. Blair, of Greensboro, spent Sunday here.—Miss Ida Beeson was here yesterday.

WILL ABANDON FREE STATE.

Report Says the Boers Have Already Begun Crossing the Vaal.

By Wire to the Telegram.

London, April 30.—Advices from Lorenzo Marquez says that the Boers have decided to abandon the Free State to the English. It is said that the burghers will make no stand against Roberts south of the Vaal river, and that a movement of their forces across the river has already begun. This involves the abandonment of Brandfort and Kromstadt. It is understood that the Boers are already moving away from those points toward the Transvaal.

FOR REVISION.

Two-Thirds of the Presbyterian Ministers Said to Favor It

The New York Journal's poll of Presbyterian ministers of Greater New York and the entire country on the question of the revision of the West minster Confession of Faith has developed astonishing results. No less than two-thirds of the ministers interviewed by correspondents in different parts of the country declare themselves frankly in favor of the revision, and most of these think that mere revision will not be acceptable and that an entirely new creed, simple and direct, should be drafted.

The following table is a summary of the views of representative Presbyterian clergymen of the United States on the question of the revision:

Vest Was Committed.

"I remember well once when Joe Blackburn and I were on the same committee," said a senator. "It was during a Democratic administration, and there had been a good deal of bother trying to get the secretary of agriculture to agree to a certain thing, and Blackburn had been sent to talk him over to the committee's plan. In fact, the whole cabinet had been difficult to deal with. When Joe came back, several of us were assembled in the committee room, among us Senator Vest, who was sunk dejectedly in the depths of an armchair. Some one asked:

"'Well, Joe, did you succeed?

"'Succeed?' he echoed. Then he began to tramp up and down, fuming and fussing. Finally he broke out:

"'Of all the obstinate things in the shape of a cabinet officer I ever encountered, commend me to J. Sterling Morton! Don't you agree with me, Vest?'

"Vest roused up slowly and answered:

"'I'm sorry, Joe, but I am committed to Hoke Smith.'

"It was the funniest thing I ever heard," continued the senator, "and our bill was never even reported."—Saturday Evening Post.

What He Would Have Said.

In a complicated criminal case an old land surveyor was subpœnaed to give his professional opinion in the matter. As the proceedings were about to begin he asked permission to say a few words, but was called to order sternly by the judge, who told him to wait till he was questioned. The case then proceeded. A host of witnesses were examined, and even the prisoner frequently was called upon to make a statement.

After a couple of hours the judge said to the old surveyor, "Now, sir, we shall be glad to hear what you have to say on the whole case."

The witness stood up and replied: "I only wished to remark awhile ago that I am quite deaf in my left ear and rather hard of hearing in the right. I was merely going to ask if I might be allowed to sit immediately in front of the witnesses and the prisoner. Up to now I have not heard a single word of the proceedings."—London Telegraph.

Foote Could Be Caustic.

One of the best repartees on record is that of Foote, the actor. Dining with some friends, a heated dispute arose between himself and a young nobleman. The latter sought to disparage Foote by asking him what his father was.

"A tradesman," said Foote.

"Then, sir, it is a pity he did not make you one."

"And pray, let me ask, what was your father, my lord?"

"My father, Mr. Foote, was a gentleman."

"Then, my lord, it's a pity he did not make you one."—Collier's Weekly.

Chinese Dinner Invitations.

"When a Chinaman issues invitations to dinner," writes Dr. Sven Hedin, the traveler, "he sends out, one or two days beforehand, a tiny card of invitation, contained in a huge envelope. If you accept the invitation, you are supposed to keep the card. If you have not time—that is, if you decline—you are expected to send it back. If the banquet is appointed for 12 o'clock, you need not go before 2 p. m."

Lifelike.

Sir Robert Peel was once going through a picture collection with a friend where there was a portrait of a prominent Englishman who was famous for saying sharp things.

"How wonderfully like," said the friend. "You can see the quiver on his lips."

"Yes," replied Sir Robert, "and the arrows coming out of it."—Youth's Companion.

Conceit All Gone.

"That boy," she said when her husband reached home, "is just like you."

"Been naughty again, has he?" he returned.

Fixed the Gas Company.

"I'll fix 'em," said a Capitol Hill citizen when he got his gas bill a couple of months ago. "Nine dollars and eighty cents, hey, when we've been out every night with the exception of two or three for the past month! I'll move, that's all, at the end of the month, but if I don't make that gas meter of mine work overtime between now and the day I move it'll be because I run out of matches, that's all! I'll eat up about $40 worth of gas and then let the darned gas company keep the $5 I've got on deposit!"

So from that evening on as soon as twilight fell the Capitol Hill man made a tour of the house and lit every jet from cellar to garret.

"I'll teach 'em to bunko folks!" he said to himself savagely as he started all the burners a-going.

Along toward the end of the month he and his wife picked out another house and made arrangements for moving. The Capitol Hill man was delighted when the gas bill read $29.60.

"This is one time they won't gouge me!" he shouted exultantly as he danced around with the bill in his hand.

Three days before the day set for moving his wife was taken ill, and of course the moving had to be declared off. She is only now convalescing. The Capitol Hill man paid the $29.60, and his friends are now telling him the story about the man who robbed his own trunk.—Washington Post.

MOMDAY, APRIL 30 1900.

MR R. M. PHILLIPS RESIGNS.

Mr. R. M. Phillips, who has been doing local work on the Telegram since the new management assumed control of the paper, and who had previously been the editor and manager of the paper, some time ago offered his resignation as follows:

Mr. R. F. Beasley,

Sec. & Treas. Greensboro Pub. Co:

I hereby tender my resignation as a member of the staff of the Greensboro Evening Telegram, to be effective May 1st, 1900. Yours truly,

R. M Phillips.

Mr. Phillips leaves the Telegram with the very best wishes of the company and all its officers. He has been connected with the paper almost ever since its first issue, and has done important and hard work for it. His relations with the new company have been pleasant, and he has given it good service. He leaves for the purpose of entering another situation, into which he will carry the friendship and good wishes of the Telegram.

WHAT IS PROPOSED.

The present condition of politics in Greensboro presents a very interesting spectacle. It affords an opportunity for a study of human nature, with accent on the human. Let's see.

This city has for some time been governed by officers elected through the regular channels of the Democratic party. The Democratic party has, therefore, been responsible for the management of the city's affairs. So far as we have been able to learn, there has not been any complaint against the party's administration of the city government. The party went in on certain pledges for city improvement and has been carrying them out carefully, and as fast as compatible with safety. The opposition does not base its objection on these grounds. Neither does it set up any argument to prove that the city government cannot be managed better by men elected by the Democratic party and responsible to that party, and through it to the people, than to a few men who get together on the authority of nobody, and ask the people to put the city in their hands, on no platform, on no pledges, on no responsibility. Until they show that the Democratic party has been unfaithful or that it is not competent, it is clear that their opposition rests upon some other grounds.

Simply and solely, stated, in plain terms, this movement was originated by a clique of Democrats who wished to dominate the Democratic party, yet dared not submit the issue to the party primary. The tail wanted to wag the dog, and for fear the dog couldn't be wagged, the tail severs itself and undertakes to kill the dog. That is, these men, fearing their inability to control the Democratic party, are now moving heaven and earth to defeat it by means of Republican and negro votes.

Let's keep things straight: The promoters of the citizens' ticket are making an out, open fight or, the Democratic party which stands for something. They promise nothing, pledge nothing, give no guarantee. They do not even give a reason for their opposition, their secret reason being as stated above, the fear of submitting themselves to a man-for-man primary of the party. When the matter is thus reduced to its elements, the utter absurdity of the movement is apparent.

THE SAVING SALT.

There was in Greensboro a few days ago, from the North, a traveler who had never before been South. Like most people from above the border who have never been on this side the line, he had been holding to some very erroneous, not to say foolish, ideas about this section. One of them was that a Northerner, for no other reason than that he was such, was likely to receive very curt treatment down this way. In other words, he thought the Southern people harbored some very hard feelings and took occasion to show them when chance threw in their way one of the luckless objects of their dislike. Of course well informed people of the North do not think such things, but there is no doubt that there are plenty less fortunate who do. This man was one of them, but he was honest enough to admit it when, on his first trip to the South, he learned his mistake. He was free in his expressions of appreciation of the hospitality and friendly feeling he found here.

This gentleman said that the hospitable spirit here was in strong contrast to the prevailing feeling of the North. There it was impossible to encounter the warmth of feeling, the kindness, the disposition to be agreeable to strangers and to show hospitality to those within one's gates, which are everywhere found in the South.

This is true, and it is well. It is one of the few survivals of the Old South—that magnificent Old South of romance and poetry, of glory and splendor, where pleasure was a business and hospitality a pursuit. The New South is new indeed; a product of the ashes. A rural, hospitality-loving and pleasure-seeking people, have become, almost in a day, an urban, business loving and money seeking people, the chief boast of whom is that they will some time beat New England in her own field. We do not regret this; it is the spirit of the world today, and we can but be of the world; the old things have indeed passed away. But while we are commercial, we are not yet commercialized. The old spirit of hospitality and kindness, unerring indications of good breeding, has partially survived, at least enough of it to leaven the lump. Though immersed in the desire for wealth, and lost in the rush of manufacturing, we still have the time to be friendly and pass the time of day, and to do business as gentlemen. This is the saving salt. We shall never be wholly commercialized.

CENSUS IN TWO YEARS.

Superintendent Merriam is Liked by Democrats Because He "Recognizes" Them.

Special to the Telegram.

Washington, May 30—Democratic members of Congress are very kindly disposed toward Governor Merriam, the Superintendent of the Census. It has been his policy to recognize Democratic members of Congress in his appointments the same as Republican members. It is said that between now and the first of July there will be one thousand clerks appointed in the census bureau. Most of them, it is asserted will be only temporary and will be women, who will be employed at salaries of about fifty dollars per month. Under the policy of Director Merriam, it is hoped to conclude the entire work within two years, so most of the employes of the present census will not hold their positions more than one year, if that long. As was the case ten years ago, most of the clerks will be assigned to what is known as the "Population Bureau," which has charge of counting the people of the United States, etc.

The House Saturday passed a bill to provide for holding court at Winston, North Carolina.

The Milk in the Cocoanut.

To the Editor of the Telegram:

One of the leaders of the Citizens' movement seems to be making a dead set at Mr. Taylor and makes big, boastful, braggadocio claims that he has already defeated him, without waiting to know whether or not he will be the Democratic candidate. We do not know the cause of his bitter enmity, but we do know that a few months ago the Long Distance Telephone Company applied to the Board of Aldermen for a franchise. The board came to a vote on a crucial point connected with the granting of the franchise and the vote was six in favor of the Long Distance Telephone Company and six against. This made a tie which devolved upon Mayor Taylor to break one way or the other. He broke the tie by a courageous, conscientous, vote in the interest of the public against a private monopoly of a public franchise, and in favor of admitting the Long Distance Telephone Company. Mayor Taylor ought to be re-elected for the enemies he has made. Anybody can see "the milk in the cocoanut." Ajax.

Ghouls Open a Grave in Quest of Jewelry.

Philadelphia Record.

Lancaster Pa., April 27—Graveyard ghouls operated last night in St. Anthony's Catholic cemetery. They opened the grave of Mrs. Margaret Quay, who was buried in November, 1898. They removed the lid of the rough box and failing to pry open the the lid of the coffin, the panel over the face and breast was broken, presumably for the purpose of removing the jewelry that was supposed to have been buried with Mrs. Quay.

At this stage the ghouls were evidently frightened away. They left a pair of trousers and a shovel, the former having on them a Lancaster clothier's button.

Wanted to be Sure of Death.

Philadelphia Record.

In the will of Rebecca L. Young, probated at Akron, Ohio, she directs that the heart or brain shall be removed, or that two bullets shall be sent through the heart and two through the brain. Fear of burial alive was the motive of the strange request.

QUESTIONS ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and otheaches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you information or advice wanted. We make no charge for this.

A Negro Woman in the Peabody Normal College.

Nashville, Tenn., Dispatch, 28th.

It was found today that a colored woman, the wife of "Coon" Bosley, a Republican politician, was one of the students of the Peabody Normal College. About two months ago she applied for admission to the art department, satisfied all requirements and was admitted. She is 21 years old and would pass anywhere for a white woman.

On Tuesday she was seen by one of the professors talking from a studio window with a negro, and later was seen upon the street with him. When called before the chancellor to account for her conduct, she explained the man was her husband and that she was a negress. Realizing that this meant dismissal she withdrew from the college before any action was taken on the part of the faculty.

Sympathy may help a wounded heart but it won't heal a wounded limb.

That fact is so obvious that you wonder why any one can offer "sympathy" as the chief feature of treatment for the delicate diseases of women. Yet women are invited to "write to a woman who can sympathize with woman," and the theme of their correspondence is to be the delicate, difficult and dangerous diseases which undermine a woman's health and strength. It is true that such offers are combined with an offer of "medical advice." But medical advice can only be given by a competent physician, and no mention is made in such offers of a physician's or doctor's advice. It is not offered because it cannot be given. The offer is not being made by a qualified physician.

The offer of free consultation by letter, made to ailing women by Doctor R. V. Pierce, has behind it a physician's ability. Dr. Pierce is consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Associated with Dr. Pierce is a staff of nearly a score of physicians, each man a specialist. In a practice of over thirty years Dr. Pierce and his staff have treated successfully more than half a million women, who have been cured of debilitating drains, inflammations, ulcerations and female troubles. The age, experience and skill of Dr. Pierce give him a supreme advantage in his chosen field of diseases of women.

You can write to Dr. Pierce without fear and without fee. Every letter is read privately and answered confidentially, the answer being sent in a plain envelope, without any printing upon it.

FRANK D. JONES, Superintendent.

POLITICS AT HIGH POINT.

W. C. Jones, J. M. Sechrest, C. W. Beeson and Dr. Cox Mentioned for Mayor.

Correspondence of the Telegram.

High Point, April 28.—The largest registration of white voters in the history of the town has been recorded this year. Out of 745 names on the book 596 are white people. This shows aggressiveness on the part of the Anglo Saxon race, and a decrease in interest among the colored voters The town election th's year will, no doubt, be carried on with more enthusiasm than has characterized former municipal elections As far as learned the present mayor has not said he would not accept the office for another term. It is circulated around that the names of W. C. Jones, J. M. Sechrest and C. W. Beeson are also suitable men for the office and they have some strong supporters. Dr. Cox has made a good mayor and it will be hard to find a man that will go ahead of him, if he should choose to run again.

Yesterday closed examination week at the graded school and the pupils are happy after a year's hard work—and they have a right to be.

Mrs. W. P. Fife, Mrs. Shiplett and Miss Shiplett, of Thomasville, spent yesterday here shopping

Complimentary to Miss Mary Baker and Miss Lillie Sherrod, Miss Blanche Bradshaw entertained a few friends at her home Friday night.

R. L. Vernon, of the Southern Railway at Charlotte, was here yesterday returning home from Pinehurst.

A man by the name of Carruthers, who was lately pardoned out of the Virginia penitentiary, was here yesterday. He carries his pardon and letters from prison reform people in Richmond, recommending him to the confidence of the public. Carruthers, true to his promise, is working in behalf of his friend, Jacob Medlin, known here, who is serving a sentence of eighteen years for killing his wife in Danville in a state of insanity. He was sent to the asylum and has since come to his right mind.

A party in Rochester, N. Y., wants to come here next fall and manufacture fancy rockers and writes to one of our business men for information.

Jap Rook, aged about 40 years, died at his home in the northern part of the city last night.

FOR THE BABIES.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucous, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by C. E. Holton, druggist.

The steamer Chateau Yquem, from Marseilles and Naples arrived at New York Saturday with 1189 steerage passengers.

REMARKABLE CURE OF RHEUMATISM.

Kenna, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a single attack since.—A. B. Parsons. For sale by C E. Holton, druggist.

Edward Blair, former county treasurer's clerk, has been arrested at Chicago, Ill., charged with falsifying tax records.

HE FOOLED THE SURGEONS

All doctors told Kenick Hamilton, of West Jefferson, Ohio, after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest pile cure on earth, and the best salve in the world. 25 cents a box. Soldby C. E Holton, druggist.

Silicus—"Why is it that our young men don't marry oftener?" Cynicus—"Because there's a law against bigamy."

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Fordham.

The girl who doesn't wishto see callers meet expects to be found out.

VOLCANIC ERUPTIONS

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them, also old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains. Best pile cure on earth. Drives out pains and aches. Only 25 cents a box Cure guaranteed. Sold by C. E. Holton, druggist.

His Constituents Were With Him.

Success for May.

The other morning a Western member of congress exhibited a letter which he had just received from his home town It was during the controversy over the Porto Rican tariff, and it ran thus: "Things is quiet now except a good deal of kicking and opposition, but the majority of your friends stand with you. How do you stand?"

TEACHERS and students are aware that success depend on their eyesight, why neglect and injure your eyes for life? Glasses adjusted by Drs. Moore will protect and save your sight. Others are satisfied.

IT SAVED HIS LEG

P. A. Danforth, of Lagrange, Ga. suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholy cured it in ten days. For Ulcers, wounds, burns, boils, pain or piles it's the best salve in the world. Cure guaranteed. Only 25c. Sold by

Mrs. Buggins—"Mr. Buggins and I will celebrate our silver wedding anniversary next month." Mrs. Muggins—"Indeed! My husband told me the other day that Mr. Buggins was in favor of free silver, and I didn't know what he meant. I thought it was something about politics."

J. C. Kennedy, Roanoke, Tenn., says, "I cannot say too much for DeWitt's Witch Hazel Salve. One box cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. Howard Gardner.

Blobbs—"I understand that dentists now not only extract teeth but insert them." Slobbs—"Humph! My dog can do that."

It doesn't require a particularly muscular woman to twist a man around her little finger.

Nell—"He's the black sheep of the family, isn't he?" Belle—"Yes; but then the family is in mourning"

The charges against Dr. Jennings, publishing agent of the Methodist Book Concern at Chicago, Ill., have been dismissed.

EDITOR'S AWFUL PLIGHT

F. M. Higgins, Editor Seneca, (Ill.,) News, was afflicted for years with piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes that two boxes wholly cured him. It's the surest pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by C. E Holton druggist.

THE BEST IN THE WORLD.

We believe that Chamberlains's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own own and other papers we purchased a bottle to see how it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by C. E. Holton, druggist.

SEVEN RUNNING SORES CURED

—BY—

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring-time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAINT with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virulently the different structures of the body, but many times the bones are honey-combed and destroyed. It often seeks out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA.

Williams, Davis, Brooks & Co., Detroit:
Gentlemen:—In April last I began using JOHNSTON'S SARSAPARILLA for Blood Poison, caused by an amputation of one of my arms. I had SEVEN RUNNING SORES on my legs. I used two bottles and was entirely cured. I know it is what cured me. Yours truly, G. W. LUTHER.

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31.
I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.
MRS. V. M. BOISVERT.

McELREE'S Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

One of the Tailors of Tooley Street Down and Out.

There occurred last week an episode connected with the city election which is just creeping to light. One of the "Tailors of Tooley Street" got into an argument with a friend of Mayor Taylor. The aforesaid "Tailor from Tooley Street" lost his temper and said that anybody who voted for Taylor was a d—— fool. In the twinkling of an eye the beligerant Tailor from Tooley Street was rolling down the steps with a muchly disfigured face, and a moment later rose from the ground with one hand in his eye and the other extended by way of handsome apology.

Killed in Birmingham.

Chief of Police Scott received a telegram yesterday morning from an undertaker in Birmingham, Ala., stating that one David White was accidentally killed there. The message further said that White had a family residing in Greensboro and asked Mr. Scott to find and notify them and to ask what disposition they desired made of the remains. Diligent search has failed to locate the family. Announcement from the pulpits was also made yesterday, but no news has been received as to their whereabouts. No one seems to know or have any recollection of the said David W. White.

Later—Mr Scott learns that Mr. White's family live in the country near Rehobeth church. They have been notified of Mr. White's death.

NARROW ESCAPE FROM FLAMES

A STUBBORN FIRE IN THE HODGIN FLATS YESTERDAY.

Thought to be of Incendiary Origin. Several of the Occupants Injured in Escaping—Leap From Window

People living in South Greensboro were aroused from their usual Sunday morning naps yesterday by the alarm of fire about six o'clock. The fire was soon located in Mr. John A. Hodgin's flats on South Elm street, next to Daily's store, though the air was full of smoke for blocks around, and several people, living some distance away, woke up thinking the fire was in their own houses.

The Hodgin flats are double buildings, two stories high, built of wood with tin roofing. One side of the burning building was used as a boarding house by Mr. J. W. Stack, while the other side was vacated a week or two ago. Mr. Stack holds a position at the postoffice and left home a little after five o'clock, and says at that time, there was no sign of fire. When the alarm was sent in smoke was issuing in dense volumes from the ventilators and small crevices about the top of the building. When the firemen arrived the whole top seemed to be on fire inside and the thick smoke made it impossible for them to locate the flames.

The occupants of the building barely escaped with their lives. Mrs. W. P. Causey, Mrs. Stack's mother, was one of the first to get out. She attempted to descend by the stairway and the density of the smoke caused her to miss her footing and she fell headlong to the bottom, sustaining most painful injuries. Mr. and Mrs. W. A. Simmons occupied an upstairs room, but when they awoke exit by the stairway was cut off and they escaped over a shed roof in the rear. About this time Miss Louise Smith, Miss Ella Griffith and Miss Verla Coble, employees of the Hunter Manufacturing and Commission Company, who roomed upstairs, awoke, and being cut off from the stairway, made their escape through windows, Miss Louise Smith being assisted over the front porch roof and down to the sidewalk on a plank.

The other two young ladies, Misses Griffith and Coble, could not reach the front room and their means of escape was through a window twenty feet from the ground. With wonderful presence of mind Miss Griffith took a rope from around her trunk and hastily fastening it to a bedpost, suspended it from the window and climbed down it. Miss Coble attempted to follow her but missed her hold on the rope and fell, sustaining severe injuries, the most painful, however, a sprained ankle. Miss Florence smith, who also slept upstairs had, previously made her exit by the stairway. Mr. W. B. Enoch occupied a front room down stairs, and was one of the first to awake and did good work in assisting in the removal of household goods Mr. Stack hurried back from the postoffice and in carrying out things from below received a blow on the nose, making a painful wound.

Mrs. Simmons and Miss Louise Smith furnished their own rooms and saw it all go up in smoke, together with their wearing apparel. The other three young ladies lost their trunks and all their clothing. They work for their living and the loss is a heavy one to them.

The firemen did valiant work, and though the whole top of the building is burned out the most of it is saved, and the flames did not reach the buildings on either side not over 15 or 20 feet away.

The loss to Mr. Stack and the occupants has not been computed. They had no insurance. Mr. Hodgin's loss is covered with insurance.

The fire is believed to have been of incendary origin. The first floor of the house is sever or eight feet from the ground built on brick pillars. Underneath, near the center of the building on a sill or stringer supporting a hallway wall on the vacant side of the house was found a lot of half burned rags, evidently stuffed in there from the outside. Between the walls is a five inch space, the size of the studding open from the bottom. It was here the fire seems to have started. The bottom side of the flooring at this point is burned and charred between the sleepers for a space of eight or ten feet each way, while the top side of the floor is not burned. It is reasoned that the bottom side was burned before sufficient draft was created to carry the flames above. As soon as sufficient opening was burned the fire was drawn away from this point to the roof of the building, going up between the plastered walls and along the stairway.

It is further believed that if the rags mentioned had been fired above the floor they would have been entirely consumed before a hole could have been burned sufficient for them to drop through and there would have been more signs of fire on the floor than underneath it.

It is puzzling to know what motive could have prompted the incendiary in applying the torch. Mr. Hodgin is reluctant to believe that he had an enemy who could have done it, and Mr. Stack says if he has an enemy in the world he doesn't know it.

Prof. Johnson Dead.

News was received here today that Prof. L Johnson died at his home at Trinity last night, of grip. Prof. Johnson was a member of the faculty of Trinity College for many years, and has since devoted much time to map surveying, at one time making a map of Guilford county.

The Guilford College ball team played an interesting game with Danville Military Institute on the grounds of the latter in Danville Saturday. The score stood 5 to 3 in favor of the Tar Heels. Guilford put up a good game, striking out seventeen men. The principal feature of the game was the fine battery work of Fox and Hammond.

The Y. W. C. A. of Greensboro Female College gave a lawn party in the spacious ground at the College Saturday evening. Although the masculine element was noticeable by its absence, quite a neat sum was realized. The proceeds go towards paying the expenses of a delegate to the Y. W. C. A. Convention which will be held some time in June.

Who Will Contribute?

A kind hearted gentleman, Mr. W. H. Daily, said this morning that he thought a collection should be taken for the benefit of the young women who lost everything they had in the way of worldly possessions in yesterday morning's fire "They work for their living," said Mr. Daily, "and their loss is a heavy one to them, every bit of their clothing and wearing apparel gone. I will start the subscription."

If any one feels disposed to contribute, leave the amount with Mr. Daily at his store on South Elm street and he will have the amounts published. The loss to these young women is much greater than the sweeping away of half the fortune of a millionaire.

The Fight on the Present Mayor.

To the Editor of the Telegram:

It seems to have been taken for granted by the leaners of the Citizens' movement that Z. V. Taylor is to be next Democratic candidate for mayor of the city of Greensboro, least wise, they are moving heaven and earth to defeat him even before the Democrats have named their candidate. It is generally acknowledged that Mr. Taylor has made the most efficient Mayor the city has ever had. When some of our people were by imprudent talking, depreciating the city's credit, he went to work and sold our first issue of new bonds at an unprecedented premium. By his prompt, thorough, watchful handling of the small pox he saved the city from the horrors of an epidemic and saved the business interests of Greensboro from serious demoralization and loss He has taken a deep interest in, and seconded by substantial assistance, the efforts of the Industrial and Imigration Association in locating industries here, and has kept himself in the forefront of every movement looking to the advancement of the city's interests. And it is Taylor's fine record as a public servant that has caused the leaders of the Citizens' movement to take it for granted that he would lead the fight for Democracy and good government in the coming city election. If he is named by the Democratic convention as standard bearer, he is going to win as sure as the sun rises and sets.
